

ERC – CONFAP – CNPq 2020 Call

Research opportunities in Europe for active PhD researchers from Brazil

1. OBJECTIVE:

The Brazilian National Council of State Funding Agencies – CONFAP and the National Council for Scientific and Technological Development (CNPq) invite researchers from Brazil to pursue research collaborations with Principal Investigators already supported through EU-funded European Research Council (ERC) grants.

2. BACKGROUND:

The present call for Expression of Interest is launched in the framework of:

- The Implementing Arrangement between the European Commission and the Brazilian National Council of State Funding Agencies (CONFAP) to provide research opportunities in Europe for Brazilian researchers, signed on the 13th of October 2016, and
- The Administrative Arrangement between the Directorate-General for Research and Innovation of the European Commission (DG RTD), on the one side, and the Brazilian National Council for Scientific and Technological Development (CNPq), the Brazilian Funding Agency for Studies (FINEP) and Projects and the Brazilian National Council of State Funding Agencies (CONFAP), on the other side, on the mechanisms to support EU-Brazil cooperation in research and innovation activities, signed on the 22nd of May 2018.

3. ELIGIBLE RESEARCHERS:

Eligible researchers from Brazil are:

- Active researchers from Brazil, holding a PhD, who are implementing research activities within Brazilian universities, institutes or research centers.
- Additional eligibility criteria may be requested by the supporting Funding Agencies, which shall, in such cases, publish specific guidelines.

4. MODALITIES:

The ERC Executive Agency (ERCEA) has provided a list of ERC-funded principal investigators interested in hosting Brazilian Researchers in their research teams, for short or longer periods (up to 12 months).

ERC-funded projects, which are open to hosting Brazilian researchers, cover a wide range of scientific fields and have been selected by the European Commission and the ERC, within the following evaluation panels:

European
Research
Council

CONFAP
Conselho Nacional das Fundações
Estaduais de Amparo à Pesquisa

MINISTÉRIO DA
CIÊNCIA, TECNOLOGIA
E INOVAÇÕES

PÁTRIA AMADA
BRASIL
GOVERNO FEDERAL

- a. Molecular and Structural Biology and Biochemistry
- b. Genetics, Genomics, Bioinformatics and Systems Biology
- c. Cellular and Developmental Biology
- d. Physiology, Pathophysiology and Endocrinology
- e. Neurosciences and Neural Disorders
- f. Immunity and Infection
- g. Diagnostic Tools, Therapies and Public Health
- h. Evolutionary, Population and Environmental Biology
- i. Applied life Sciences and Non-Medical Biotechnology
- j. Mathematics
- k. Fundamental Constituents of Matter
- l. Condensed Matter Physics
- m. Physical and Analytical Chemical Sciences
- n. Synthetic Chemistry and Materials
- o. Computer Science and Informatics
- p. Systems and Communication Engineering
- q. Products and Processes Engineering
- r. Universe Sciences
- s. Earth System Science
- t. Markets, Individuals and Institutions
- u. Institutions, Values, Beliefs and Behaviour
- v. Environment, Space and Population
- w. The Human Mind and Its Complexity
- x. Cultures and Cultural Production
- y. The Study of the Human Past
- z. Synergy

The access to the list of ERC funded projects open to cooperate with researchers from Brazil, may also facilitate remote-based cooperation, until the definition of travel and visits may be approved and feasible.

4.1 Modalities of implementation:

Expression of Interest of Researchers from Brazil

- I. Eligible researchers shall need to access the online portal, available at the link: <http://www.confap.org.br/news/ercform/public/login> and fill in the items listed below.
 - a. Name and Surname;
 - b. CPF;
 - c. Institution: university, institute or research centre where the main research activities are carried out;

European
Research
Council

CONFAP
Conselho Nacional das Fundações
Estaduais de Amparo à Pesquisa

MINISTÉRIO DA
CIÊNCIA, TECNOLOGIA
E INOVAÇÕES

- d. Brazilian State where the main research activities are carried out;
 - e. Select academic degree among the options provided;
 - f. Contacts (email and phone).
- II. Following such request, eligible researchers will be authorized to access, within the same portal, to information about the ERC-funded projects that may host interested Brazilian researchers, including the description of their respective ERC-funded projects and contacts.
 - a. The list of ERC-funded projects is confidential and cannot be reproduced or distributed.
 - b. Researchers who do not attend eligibility criteria will not be authorized to access to the list.
- III. Proposals may be sent in partnership with ERC-grantees not listed in the portal, accompanied by evidence that the ERC proposal is still valid for 18 months from the start of the Brazil-ERC collaborative activities.
- IV. Researchers from Brazil have to contact the Principal Investigator holding the ERC grant of the project that is of interest and must reach with him/her an agreement on the possibility of joining his/her research team, as well as jointly define a Work Plan and related conditions.
- V. Researchers from Brazil have to submit their proposal, in the dedicated portal, following agreements taken with the Principal Investigator holding the ERC grant and according to the orientations in Item no. 6.
- VI. Assessment of the proposals will be done by the participating FAPs, with the coordination of CONFAP and by CNPq.
- VII. Results are then communicated to the ERC and to the Principal Investigator holding the ERC grant, and are subsequently published.

5. FUNDING:

Eligible researchers from Brazil will continue to receive their salaries and/or scholarships according to their institutional terms and conditions.

The Brazilian State Funding Agencies participating in the present call or CNPq will provide support for travel expenses.

Visiting researchers from Brazil which shall be incorporated into the research teams of the ERC-funded Principal Investigators (at the Host Institution of the ERC project), for the duration of the visit, **may receive support from the ERC grant**, and such funding shall be negotiated and defined by the ERC funded Principal Investigators and the researchers from Brazil.

The ERC-funded Principal Investigators are expected to establish and decide in advance, with the visiting researcher from Brazil, the research conditions, which should offer an enabling environment for the research visits and be in line with the applicable national law and any other rules and regulations applicable on the Host institution.

The costs, which can be reimbursed under the ERC grant, must be eligible within the terms of the grant and the maximum amount of the ERC grant cannot be increased for this purpose.

Eligible cost categories include:

CONFAP
Conselho Nacional das Fundações
Estaduais de Amparo à Pesquisa

MINISTÉRIO DA
CIÊNCIA, TECNOLOGIA
E INOVAÇÕES

- a) subsistence costs on a per diem basis, or any other applicable modality of the Host Institution, in accordance with the applicable national law and any other rules or regulations applicable on the Host Institution, commensurate to the level of experience of the individual visiting researcher;
- b) any other eligible costs incurred during the visit of the researchers from Brazil that are directly related to the ERC-funded project.

Scientific exchanges may start in the second semester 2021 and can be either performed on a more extended timeframe (i.e. lasting 6 to 12 months) or be divided in multiple and shorter visits, i.e. to perform joint experimentation or similar research activities.

The timing of such exchanges may be affected by the evolution of the current Covid-19 pandemic.

6. ORIENTATIONS FOR SUBMISSION OF PROPOSALS

After having contacted the ERC Grantees, following orientations detailed in item 4.1, proposals must include all the documents listed below:

1. Curriculum Vitae of the researcher from Brazil (proponent);
2. Curriculum Vitae of the ERC-funded Principal Investigator;
3. Work Plan, facilities and resources that the ERC-funded Principal Investigator and Host Institution shall provide to the visiting researcher from Brazil;
4. Letter of Acceptance from the University or Research center of Origin of the researcher from Brazil;
5. Letter of Acceptance from the ERC-funded Principal Investigator, indicating his consent on integrating the researcher from Brazil in his team and on his proposal and Work Plan;
6. Letter of Acceptance from the Host Institution in Europe, which confirms the availability to receive the researcher from Brazil in the terms and timing foreseen in the Work Plan.

Researchers from Brazil should, in first instance, contact their respective FAP or CNPq in order to verify if specific additional orientations are provided.

Researchers from Brazil must submit their proposals within the Call's link: <http://www.confap.org.br/news/ercform/public/login>.

Researchers from the States of Minas Gerais, Rio de Janeiro and Goiás must send proposals within the Call's link mentioned above and **also** directly to:

- FAPEMIG: <http://everest.fapemig.br/> following the specific guidelines for FAPEMIG.
- FAPEG: www.fapeg.go.gov.br/oppfapeg following the specific guidelines for FAPEG.

European
Research
Council

CONFAP
Conselho Nacional das Fundações
Estaduais de Amparo à Pesquisa

MINISTÉRIO DA
CIÊNCIA, TECNOLOGIA
E INOVAÇÕES

- FAPERJ: to be published in the specific guidelines which shall be issued by FAPERJ.

Other FAPs could request that proposals must be submitted also directly within the FAPs portals and in such case, indication will be given in the respective guidelines on the call.

7. ASSESSMENT:

Assessment criteria are based on the unique criteria of Scientific Excellence, in coherence and in order to be aligned with ERC grants.

Scientific Excellence shall consider the academic background, quality, publications, technological development, participation in public, private, national or international funded projects.

Scientific excellence shall also consider the Work Plan, which is presented as well as the impact and importance of the collaboration for the Brazilian context.

Originality, innovation and feasibility shall also be assessed in this framework.

8. DEADLINES:

- Expression of Interest:** the interested researchers from Brazil should express their interest in having access information about the ERC-funded projects within the deadline: **1st of February 2021.**
- Full proposal:** complete proposals, covering all the documents requested in Item no. 6, must be submitted within the deadline: **1st of March 2021.**

Results shall be published on:

CONFAP's webpage: <http://www.confap.org.br/>

CNPq's webpage: <http://www.cnpq.br/>

9. SUPPORTING BRAZILIAN FUNDING AGENCIES:

According to the funding modalities detailed in Item no. 5, the present call is supported by CNPq and by the following Brazilian State Funding Agencies:

1. Federal District - FAPDF
2. Alagoas - FAPEAL
3. Amazonas - FAPEAM
4. Goiás - FAPEG
5. Maranhão - FAPEMA
6. Minas Gerais - FAPEMIG
7. Piauí - FAPEPI
8. Rio Grande do Sul – FAPERGS

European
Research
Council

CONFAP
Conselho Nacional das Fundações
Estaduais de Amparo à Pesquisa

MINISTÉRIO DA
CIÊNCIA, TECNOLOGIA
E INOVAÇÕES

9. Rio de Janeiro - FAPERJ
10. Espírito Santo - FAPES
11. Santa Catarina - FAPESC
12. Pará - FAPESPA
13. Paraíba – FAPESQ
14. Tocantins – FAPT
15. Ceará - FUNCAP
16. Mato Grosso do Sul - FUNDECT
